S172 Statement Year Ended 31.12.2023

Extracted from approved annual report and financial statements

The individual directors are aware and mindful of their duty under s.172(1) of the Companies Act 2006 to act in the way which they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole, and in doing so have regard (amongst other matters) to the likely consequences of any decision in the long term, the interests of the Company's employees, the need to foster the Company's business relationships with suppliers, customers and others, the impact of the Company's operations on the community and the environment, the desirability of the Company in maintaining a reputation for high standards of business conduct and the need to act fairly as between members of the Company (together, the "S.172(1) Matters").

The Board recognises that difficult decisions must sometimes be taken which require each director to exercise independent judgment and apply reasonable care, skill and diligence in the decision-making process. In doing so, the Board recognises its responsibilities to the Company's key stakeholders.

Given the holding company nature of the Company, the Board considers the Company's key stakeholder to be AIZ, the Company's ultimate parent company. The views and interests of AIZ are directly represented and considered in decision-making through the Company's directors who are senior employees of AIZ.
